

# English and STEM Singapore Study Tour

9 students of our school went on a study tour to Singapore from 31st March to 3rd April this year. The main purpose of organizing this program was giving a chance for students to use English in a real and authentic situation. Besides, it can broaden students' horizons and gain more knowledge regarding the historical, cultural and technological aspects of other countries.

They had a great time in Singapore with teachers. They visited lots of famous attractions like the NEWater Visitor Centre which was a great learning experience for them. They were able to witness at first hand the operation of advanced membrane and ultraviolet technologies in the production of NEWater. While enjoying the multimedia presentations and hands-on interactive games, our students reflected of the feasibility and needs of introducing the same technology in Hong Kong. It was wonderful experience for all of our students.

## English Movies Watching Days

English Movie Watching Days was held for P.1 to P.6 students during the English lessons on 25th May & 1st June respectively. We created a lesson around a popular cartoon movie was really a way to have fun in learning English. It could engage our students to hear up-to-date authentic speech and be exposed to various accents. Moreover, English teachers designed lots of brilliant follow-up activities such as practiced the vocabulary and adjectives; discussed about the gist of the movies.....etc.

They had learn a lot for sure on those two days!

## SCOLAR English Alliance

1930's Radio Play- A Midsummer Night's Dream (Shakespeare Retold) was held on 25th April. Our P.4 students had an opportunity to speak English in a comfortable and engaging manner. They experienced how English language has changed over the centuries to become what it is today. Besides, they found an interest in classic literature and the themes of what makes a good story and be inspired to read more.

During the programme, students practice choral speaking and be immersed in a radio show both collectively and individually. They took on minor roles in the show too.
